## STATUTORY DOCUMENTATION.

## ▪ OHS ACT BOOKLET

Our OHS Booklet is A5 sized, containing the complete latest version of the Occupational Health and Safety Act #85 of 1993.

If you employ 5 or more employees, then this is a legal requirement to have on-site.

## ▪ OHS FILE

Our OHS File is a comprehensive collation of all the required contents, tabs and policies which has been developed over our 20+ years of experience. It is the perfect starting point for any entity requiring an OHS File on-site.

## ▪ SAFETY POLICIES

Need a policy?

We got you covered. Contact us for a list of all available safety policies.

# FIRST AID KITS

## ▪ FIRST AID KIT – LARGE

A good guideline is to ensure there is one large first aid kit per workplace area or trained first aider. The Act requires placement of first aid kits as follows:

*“The employer must provide a first aid box or boxes at or near the workplace, available and accessible for treatment of injured persons at the workplace”*

## ▪ FIRST AID KIT – SMALL

The Act requires first aid facilities must be provided

*“where more than five employees are employed at a workplace”*

## ▪ FIRST AID KIT – VEHICLE

Traveling to and from the workplace is generally undertaken in one's personal capacity, however travel required for work purposes can be deemed a workplace and we recommend having a first aid kit available.

## ▪ FIRST AID KIT – REFILL (REG 3)

A Regulation 3 refill kit is for your small first aid kit, generally a bag. Recommend replacing contents on an annual basis.

## ▪ **FIRST AID KIT – REFILL (REG 7)**

A Regulation 7 refill kit is for your big first aid kit, generally a metal box. Recommend replacing contents on an annual basis.

## ▪ **FIRST AID KIT – REFILL (BLOOD SPILL)**

A blood spill refill kit is for all vehicle and Reg 7 first aid kits. Recommend replacing contents on an annual basis.

# FIRE EQUIPMENT

## ■ FIRE EQUIPMENT
